2017 CANDIDATES' STATEMENTS

Daniel A. Bailey (INCUMBENT)

I have been a Director of the Credit Union of Ohio for three years now, and a member for almost six years, and I believe that I have aided the credit union with aligning itself with its principles of Partnership, Reliability, Integrity, Dedication and Excellence. This next election cycle I wish to stay on as a board member so that I may continue to contribute to these values and improve and strengthen the organization that serves our community.

With my collegiate background in accounting and business administration, and my current position as a Senior Business Analyst with the Ohio Public Employees Retirement System (OPERS), I am able to provide a unique perspective and contribute to the progress and growth of this not-for-profit financial institution. Additionally, my accounting background gives me distinctive insight into various credit union issues, and my current employment as a Business Analyst will allow me to suggest improvements to business processes and practices for the betterment of the credit union members and the institution.

I would greatly appreciate the opportunity to continue to do this as a board member for the Credit Union of Ohio.

Jonna Saul-Anderson (INCUMBENT)

I am seeking re-election to serve on the Board of Directors of the Credit Union of Ohio. I have been a loyal member of this credit union for 35 plus years and was a Volunteer Auditor for the credit union when I first became a member, and also have been a dedicated Director on this Board for 15 years.

I have an Associate Degree in Accounting from Columbus State Community College and I continue to update my financial education with classes sponsored by the credit union.

In my early work career, for six years, I worked as a Bookkeeper/Supervisor for the State Savings & Loan Financial Institution; accounting for and processing daily transactions for our customers.

I worked for 30 years in public service for the OHIO Public Defender Commission in the Fiscal Department paying most of the office expenses and processing revenue payments daily. Also, I have worked closely with State Examiners during my office's annual department audits.

I enjoy working in Finance and in Public Service, so now my time is free to commit to serve the Credit Union of OHIO members by helping direct the credit union management team. Together we can bring up-to-date financial products and services to help with member's daily financial needs.

I love the credit union, "Member Owned Philosophy," and encourage all members to use the many financial services offered at the credit union to help make your money work as hard for you as you work for it. Thank you for your vote.
